PHILIPPE TABET

STRUCTURE IN ALUMINIUM,
LACQUERED IN FINE TEXTURED
PAINTINGS. BACKREST IN PLYWO-
OD STAINED OAK.

RUELLE

Ruelle comes from the fourth Infiniti Design Contest, as a review of the typical chairs outside the bistros in the French village's small streets (so called "Ruelles"), with a clean design and a large backrest. Its structure is made of aluminum, while the sinuous backrest is made of oak plywood. Ruelle is the perfect synthesis between the lightness of wood and strenght of metal
